Additional Licence conditions

i. The space and amenity standards which would normally apply to a house in multiple occupation in Manchester are detailed in the Manchester City Council HMO Standards. However, it is clear from the application form that the HMO is occupied by students and that they have chosen as a group to share the occupation of the house. Therefore, in the circumstances, the Council is prepared to relax the Manchester City Council HMO Standards to allow the sharing of amenities and communal space in the HMO to the number of maximum occupants stated on the licence. This relaxation may be withdrawn and the default standard as set out in Manchester City Council HMO Standards applied, should the occupants change and the manner of their occupation change so that it was no longer considered to be a group sharing the house; or if there is a management failure, or there is evidence of anti-social behaviour at the premises.
